Manufacturer Exporter of HI-TECH Cashew Processing Plant
on Turnkey Basis.....

About Us

Parivartan Kaju House was established in **2009**, at Surat (Gujarat, India) and known as a remarkable manufacturer of Cashew Processing Machine, Cashew Grader, Cashew Boiler, Cashew Cutting Machine, Cashew Shelling Machine etc. We offer range of automatic cashew processing machinery, which are developed with keeping in mind defined industry norms. These products are broadly appreciated for quality and long shelf life. In order to meet the varied needs of the clients, we offer these products in different fabricated options within promised time frame. In order to ensure quality, these are stringently tested against varied parameters under our well trained and high skilled engineers.

Our well-developed and state-of-the-art infrastructure facility is fully equipped with all the latest machines which help us to develop our cashew processing machines on the timely manner with effective performance. It is segregated into several units such as administrative, manufacturing workshop, quality testing, warehousing & packaging department, etc. to function smoothly. We have established a huge distribution network that helps us in supplying our Machines range in a timely manner. Owing to our client-centric approach, our prime motto is to attain the utmost client satisfaction by offering them quality assured Cashew Processing Machines. We supply our machines in optimum quality packaging for ensuring their best operation. Due to our ethical business policies,...
